WHAT TO EXPECT

Our team will be onsite doing school and sports health exams, vaccines, and lead testing. We fill out the Illinois forms while you wait. Stop by and check if your child's records are up to date. Services are available while supplies last.

Services include:

- School Physical Exams
- Sports Physical Exams
- Blood Lead Risk Screening and Testing
- School Vaccines
- Vision and Hearing Screening
- Dental Exam Referrals
- Social-Emotional Check-In
- Growth and Nutrition Check
- Help with Benefits Navigation

*Services vary by event.

Families with insurance should bring their insurance card; covered services may be billed to their health plan with no surprise costs. Families without insurance pay based on what they can afford, and no one is turned away if they cannot pay.

Please read the back of this page. It explains cost, language help, and your rights.

Important Information

Who this event is for

This event is for children, teens, and young adults through age 21. Anyone under 18 must come with a parent or legal guardian, or have consent on file through online registration. Young adults 18 and older sign for themselves.

What this event costs

Families with insurance should bring their insurance card; covered services may be billed to their health plan with no surprise costs. Families without insurance pay based on what they can afford, and no one is turned away if they cannot pay. Questions about a bill? Email billing@prism.org.

Language help at no cost to you

ATTENTION: If you speak English, language assistance services, free of charge, are available to you.

Call 1-800-325-1812 (TTY: 711).

ATENCIÓN: si habla español, tiene a su disposición servicios gratuitos de asistencia lingüística.

Llame al 1-800-325-1812 (TTY: 711).

UWAGA: Jeżeli mówisz po polsku, możesz skorzystać z bezpłatnej pomocy językowej.

Zadzwoń pod numer 1-800-325-1812 (TTY: 711).

All language taglines: prism.org/language · Full nondiscrimination notice: prism.org/nondiscrimination

Help for people with disabilities

You can ask for this paper in large print, in Braille, or as audio, at no cost to you. You can also ask for a sign language interpreter, a CART reporter, TTY, or video relay. Call 800-325-1812 or TTY: 711 to ask for what you need.

We treat everyone the same

Prism Health follows federal civil rights laws. We do not treat people differently because of race, color, national origin, age, disability, or sex.

Your privacy

Your child's health information is protected by federal and state privacy laws, including HIPAA. We use or share it only as our Notice of Privacy Practices and the law allow. Read it at checkin or at prism.org/privacy. Privacy questions: compliance@prism.org.

Photos and video

Photos and video may be taken at this event for Prism Health community updates. Children are not photographed or recorded without a signed parent or guardian release. Tell any team member if you prefer that your family not appear.

About our sponsors

This event is sponsored by Molina Healthcare, Chicago Public Schools, and the Chicago Department of Public Health. Prism Health does not work for or speak for any state agency or health plan. Our sponsors do not decide who gets care. You do not have to join a health plan to get care at this event. Illinois Client Enrollment Services will send you information about your health plan choices when it is time for you to make a health plan choice and during your Open Enrollment period.

Billing notice

After Prism Health has provided its services, you may receive a communication from your insurance company, such as an Explanation of Benefits (EOB). This is not a bill. If you have insurance, we may bill your health plan for covered services; you will never be balance billed and you will not receive a surprise bill. If you do not have insurance, you may qualify for our sliding fee scale based on household size and income, and we will tell you about any cost before your child receives care. If you have any questions or need clarification, please contact our support team at 1-800-325-1812.

What Illinois Requires

For children ages 0 to 18 · School year 2026 to 2027

Illinois has rules about lead testing, shots, and exams. **If your child's records are missing, the school can keep your child out of class after October 15.** Here is what your child needs, and when.

Grade or age	Health exam and screenings	Shots (proof required)	Due
Child care or preschool	Health exam on the Illinois Certificate, with lead risk questions and proof of a blood lead test	HepB, DTaP, Polio, Hib, PCV, MMR, Varicella	Before your child starts
Kindergarten, or first Illinois school	Health exam with the social-emotional and diabetes checks. Eye exam by an optometrist or ophthalmologist. Dental exam.	DTaP (booster after the 4th birthday), Polio, 2 doses MMR, 2 doses Varicella, plus proof of everything above	Exam and shots: October 15. Eye exam: October 15. Dental: May 15
2nd grade	Dental exam		May 15
6th grade	Health exam. Dental exam.	<i>Tdap, MenACWY (age 11 or older), 3 doses HepB</i>	Exam and shots: October 15. Dental: May 15
9th grade	Health exam. Dental exam.		Exam: October 15. Dental: May 15
12th grade		2nd dose MenACWY (1 dose is enough if the first was at 16 or later)	October 15
Any child new to Illinois schools	Health exam. Eye exam.	Shots for their grade	October 15
Every child, every year	Blood lead test at 12 and 24 months (every ZIP code). Lead questions at every check-up through age 6. Any child under 7 never tested is tested at the visit.	Recommended, not required: flu every year from 6 months; COVID-19 (all 6 to 23 months; 2 to 18 by risk or choice); HepA; rotavirus; HPV at 9 to 12; MenB at 16 to 18	At each check-up
School sports	Sports physical. A 6th or 9th grade school physical counts.		Before the season, dated within the school year

New this year: lead testing covers every ZIP code

Illinois used to require lead testing only in certain ZIP codes. As of July 1, 2026, every child in the state gets a blood lead test at 12 months and at 24 months. Every child age 6 and under is also asked lead risk questions by their provider.

Good to know

A 6th or 9th grade school physical also counts as the sports physical. A sports physical alone does not count as the school physical. The eye exam for kindergarten must be by an optometrist or ophthalmologist; a vision screening does not replace it.

We can do most of this in one visit. Bring your child's records if you have them. Sources: IDPH Minimum Immunization Requirements 2026–2027; IDPH childhood lead testing policy (July 1, 2026); Illinois School Code 105 ILCS 5/27–8.1. Updated September 2026. Your school district may set earlier dates, so check with your school.
