High-Quality Kidney Care

BCMCF's dialysis services will allow both long-term residents and short-term rehabilitation patients to receive high-quality care in a familiar and compassionate environment, reducing risks and enhancing continuity of care.

Care is delivered in a state-of-the-art treatment "den"—which is supplied and operated in partnership with Heritage Dialysis. With this expertise, patients can experience dialysis in less than 2 hours!

Experience the "We Care" difference today by calling 989-892-3591 or visiting BayCountyMCF.com/dialysis

Dedicated Dialysis Team

Receive coordinated care from Clinical Managers, Nephrologists, Registered Dietitians and Nurses, Social Workers, and Certified Dialysis Technicians.

No Travel Hassles

Say goodbye to transportation costs and time. This reduces the physical strain, discomfort, and time associated with transportation, especially for elderly or mobility-impaired individuals.

Fewer Hospitalizations

Our approach reduces fluid and cardiac-related issues. Individuals experience fewer disruptions, treatment consistency, and improved health outcomes right in their own backyard!

Comfortable Environment

Personalized shorter sessions in a familiar setting. **Inpatient dialysis is provided for patients or residents admitted to BCMCF, whether for short-term or long-term stays.*
